

ErgoPerfect[®] **ERGONOMIC INDUSTRIAL CHAIRS**

EP-600-S

The Ergoperfect 600S is the best sit / stand for use in an industrial environment. Easily adjustable for maximum comfort, the EP600S will relieve legs and joints from the pressure of working in a standing position. The durable Polyurethane upholstered seat has a seat pitch that is adjustable from 3° to 17°. The five point star base is made of durable plastic and has optional casters and glides available for maximum stability.

EP-1500-S

The ErgoPerfect 1500S is a flexible working chair for users who appreciate an easy and very simple operation. The seat and back are made of durable beaded Polyurethane upholstery. Adjustment knobs are made of sturdy die-cast aluminum. The durable plastic base has optional casters and glides available. Foot rings and arm rests are also available for maximum comfort.

EP-2000-S

The ErgoPerfect 2000S is a high-end chair with an ergonomically sound working position for people who will not compromise on comfort. With six ergonomic adjustments and soft Polyurethane upholstery, the EP2000S redefines what a true ergonomic chair is. Optional glides are available instead of casters. Foot rings and arm rests are also available for maximum comfort.

ErgoPerfect[®] ESD ERGONOMIC INDUSTRIAL CHAIRS

EP-600-S ESD

The Ergoperfect 600-S ESD is the best sit / stand for use in any ESD protected environment. The EP-600-S ESD is ideal for the lab environment for workers that need to be in a sit/stand position. The chrome five point star base utilizes electrostatic dissipative glides that protect electronics from static charges. ESD Casters are also available for base.

EP-2000-S ESD

The ErgoPerfect 2000-S ESD is a fully adjustable ergonomic chair with ESD properties. The EP-2000-S ESD chair is excellent for lab environments where workers need to be in a comfortable sitting position without having to worry about static discharge. ESD arm rests and a foot ring are provided for maximum comfort. Glides are available instead of casters for a stationary ESD chair.

EP-3815-S ESD

The ErgoPerfect 3815-S ESD chair is the ultimate electrostatic dissipative ergonomic chair. All parts are approved in accordance with current ESD norms. The seat and back components are ergonomically molded with high-tech fabric. The ESD casters can be replaced with ESD glides for a stationary chair.

All ErgoPerfect chairs are backed by a 5-year warranty!

Ergomat's EroPerfect furniture line is conditionally warranted against component failure for 5-years from the date of purchase. This warranty is void in cases of abuse or when product is used outside published specifications. Please consult your dealer or Ergomat representative with any questions about use of the ErgoPerfect line under specific environmental conditions.
