

The Ergoperfect 1000 is a flexible working chair for users who appreciate an easy and very simple operation.

The EP1000 offers:

- Durable beaded polyurethane upholstery
- 3 cylinder sizes for adjustable seat height from 18"- 34"
- Sturdy die-cast aluminum turning adjustment knobs
- 5-point star bases for maximum stability

5-Year Warranty!

Ergomat's ERGOPERFECT furniture line is conditionally warranted against component failure for 5-years from the date of purchase. This warranty is void in cases of abuse or when product is used outside published specifications. Please consult your dealer or Ergomat representative with any questions about use of the ERGOPERFECT line under specific environmental conditions.
