

The Ergoperfect tables allow all workers to easily adjust the working surface to the proper working height for comfort and safety. It easily transforms to perfectly match the needs of a variety of workers and work heights, making changing tasks or shifts extremely easy!

The EP tables offer:

- Fully motorized operation
- Height adjustable from 26" to 48"
- Available in 48", 60", 72", and 96" surface widths
- Standard depth 30"
- Also available without top
- 400 lb. lift capacity

5-Year Warranty!

Ergomat's ERGOPERFECT furniture line is conditionally warranted against component failure for 5-years from the date of purchase. This warranty is void in cases of abuse or when product is used outside published specifications. Please consult your dealer or Ergomat representative with any questions about use of the ERGOPERFECT line under specific environmental conditions.
